

MICHELIN Pilot

OUR NEW STANDARD FOR HIGH-PERFORMANCE BIAS TIRES

This is our latest engineered bias tire:

 It provides **exceptional level of strength and durability** across a wide variety of aircraft on the market today.

 With **unwavering Michelin reliability**.

Extra Long Tire Life

More landings due to highly-durable rubber compounds and up to 21% deeper skid depth than the leading competitor's tires*.

Optimized Tread Profile

Helps provide for true track taxi, take offs, and landings.

Tubeless Design

Reduces overall wheel weight and helps eliminate tire creep on the wheel (MICHELIN Pilot tires can be used with a tube on tube-type rims).

All Weather Protection

Designed for longterm ozone and UV light protection, and excellent hydroplane resistance.

Latest Carcass Technology

Helps provide an exceptional level of strength and durability.

Exceptional Balance

Exclusive manufacturing process results in built-in balance for smooth taxing and even tire wear.

*Based on sidewall markings for the 15.00 x 6-6 6 ply tire.
